

GRAND

EVENT MANAGEMENT

About . . . Beginning Grand Event was established with an idea to create magnificent events. The idea then evolved into our growth story which is quite eventful. From small prospects in the neighborhood to shows that realigned the limits of the event management industry, Grand grew into a formidable name providing outstanding event management services. Grand Events then developed into an outstanding Event Management company over the years. We conceptualized and organized events of diverse nature including outdoor festivals, Private Parties, Premiere live entertainments, Conferences, Seminars, Product launches, Promotions, and Weddings. We provide our clients with complete solutions and we have an in house team for most of the services including a florist. Creativity is our forte and our events are well noted for the creativity and novelty that we specialize in.

Our Vision To be a highly creative event management firm that can help us in bringing elegance to your events.

Creativity We want to be the harbingers of creativity and innovation that would make our events more elegant which make us stand apart from the rest.

Competency Our team is well trained with our acquired knowledge and expertise.

World class Quality Our world is becoming smaller, owing to the advances in telecommunication systems. Our effort is to deliver world class quality into your events. Your events can thus be showcased to the world with pride.

Services Event management is a complex art form, where one has to deal with the nuisance of creativity, execute skill of the craftsman, replicate the choice of a painter, own the ears of a composer, be agile like a sportsman and be on the vigil like a security guard.
